**Did you find it difficult to make those decisions on which NYSCSS sessions to attend? Or were you unable to attend the state conference all together? RACSS is giving you an opportunity to hear that information from those closest to the SUNY Binghamton Toolkit Project. SG Grant, a Professor of Social Studies Education at Binghamton University and Project Manager of the NYS K-12 Social Studies Toolkit Project, will lead us through a close investigation of the toolkit. One of the members of the Content Advisory Panel, Greg Ahlquist, will discuss information and updates regarding assessment. Finally, Toolkit writers and reviewers will lead breakout sessions focused on the process of designing Inquiries.**
